

# STEFANO RAMIREZ

## Software Engineer

+(506) 7261-1040 ✉ [ramirez.stefano@gmail.com](mailto:ramirez.stefano@gmail.com) ✉ [linkedin.com/in/stefano-ramirez-novello](https://linkedin.com/in/stefano-ramirez-novello) ✉ [ramirezstefano.com](https://ramirezstefano.com)

## EXPERIENCE

### Software Engineer

Utah, USA · Remote

#### HoneyGrid

03/2023 - 01/2024

- Development of complex frontend UI components with MUI in React and React Native.
- Built backend Firebase cloud functions that are framework agnostic to serve both Mobile and Web
- Dev-ops setup for Mobile ensuring a robust infrastructure for both Android and iOS.
- Worked under ex-Adobe prodigy James Delorey and an elite tiger team of distributed software engineers.

• Technologies used: React, Material, ReactNative, Typescript, Storybook, MapBox, VictoryCharts, PNPM

### Junior Web Developer

Costa Rica · Remote

#### Freelancer

01/2023 - 03/2023

- Developed a custom email signature generator using the latest web technologies under the guidance of outstanding Adobe engineering manager Eduardo Vargas.
- Design and development of complex, accessible components using React-Spectrum ensuring all WCAG 2.2 standards were met.
- Build CI/CD pipeline to deploy the application to GitHub Pages leveraging GitHub infrastructure.

• Technologies used: React, React-Spectrum, Webpack, Yarn, YAML, Plop, GoogleAuth

### Brewing apprentice & Technology Specialist

San Jose, Costa Rica · On-site

#### Cervecera del Centro

01/2015 - 10/2016

- Architected database for product batches reducing human error using Ruby on Rails.
- Made a custom software program with Ruby on Rails to self-assist me on perfecting the brewing process.

• Languages used: Ruby on Rails

## EDUCATION

### Certificate in Career Skills in Software Development

03/2023 - 03/2023

LinkedIn

### B.S. Computer Science

01/2014 - DNF

University of California, Santa Cruz

### International Baccalaureate

01/2012 - 11/2014

British School of Costa Rica
